

KEY TO MAP

500-Year Flood Boundary
 100-Year Flood Boundary
 Zone Designations*

Base Flood Elevation Line With Elevation in Feet** (EL 987)
 Base Flood Elevation in Feet Where Uniform Within Zone**
 Elevation Reference Mark
 Zone D Boundary
 River Mile
 **Referenced to the National Geodetic Vertical Datum of 1929

- *EXPLANATION OF ZONE DESIGNATIONS**
- | ZONE | EXPLANATION |
|--------|---|
| A | Areas of 100-year flood, base flood elevations and flood hazard factors not determined. |
| A0 | Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; average depths of inundation are shown, but no flood hazard factors are determined. |
| AH | Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; base flood elevations are shown but no flood hazard factors are determined. |
| A1-A30 | Areas of 100-year flood; base flood elevations and flood hazard factors determined. |
| A99 | Areas of 100-year flood to be protected by flood protection system, under construction; base flood elevations and flood hazard factors not determined. |
| B | Areas between limits of the 100-year flood and 500-year flood; or certain areas subject to 100-year flooding with average depths less than one (1) foot or where the controlling structure area is one foot one square mile, or areas protected by levees from the base flood. (Medium shading) |
| C | Areas of minimal flooding. (No shading) |
| D | Areas of undetermined, but possible, flood hazards. |
| V | Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors not determined. |
| V1-V30 | Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors determined. |

NOTES TO USER

Certain areas not in the special flood hazard areas (Zones A and V) may be protected by flood control structures.
 This map is for flood insurance purposes only; it does not necessarily show all areas subject to flooding in the community or all planimetric features outside special flood hazard areas.

INITIAL IDENTIFICATION:
 MAY 31, 1974

FLOOD HAZARD BOUNDARY MAP REVISIONS:
 (None listed)

FLOOD INSURANCE RATE MAP EFFECTIVE:
 DECEMBER 1, 1978

FLOOD INSURANCE RATE MAP REVISIONS:
 Also revised June 3, 1986 to change special flood hazard areas, base flood elevations, add zone designations, and to revise corporate limits and extraterritorial limits, and to reflect new FEMA title block.

To determine if flood insurance is available in this community, contact your insurance agent, or call the National Flood Insurance Program at (800) 638-6620.

ELEVATION REFERENCE MARKS

REFERENCE MARKS	ELEVATION (FEET NGVD)	DESCRIPTION OF LOCATION
RM 1	1966.75	Top of the south bolt on the upper flange of fire hydrant located at the southwest corner of the intersection of Eleventh Street and Dodd Street.
RM 2	1966.68	Top of the northwest hydrant bolt on the upper flange of fire hydrant located at the southeast corner of the intersection of Eleventh Street and Dodd Street.
RM 3	1961.17	Top of the southwest corner of the concrete headwall located at the southwest corner of the intersection of Walnut Street and District 83 Road.
RM 4	1963.00	Top of the northwest hydrant bolt on the upper flange of fire hydrant located at the southeast corner of the intersection of Eleventh Street and Walnut Street.
RM 5	1963.49	On top of the northwest hydrant bolt on the upper flange of fire hydrant located at the southeast corner of the intersection of Eleventh Street and Walnut Street.
RM 6	1973.45	Top of a nail in a power pole located on the north side of Old Military Road, about 400 feet west of intersection with State Highway 11.
RM 7	1989.04	Top of the east end of a 30-inch concrete pipe located on the north side of Old Military Road, about 1550 feet west of intersection with State Highway 11.
RM 8	1957.56	Top of the northwest corner of a concrete headwall located at the northeast corner of the intersection of U.S. Highway 20 and County Highway 36.
RM 9	1969.38	Cross mark in the concrete ledge located on the southwest corner of the State Highway 11 bridge over Wood River.
RM 10	1962.96	Top of the northwest corner of a concrete wall located on the inlet structure at the sewage treatment plant, about 1000 feet south of the intersection of Walnut Street and District 83 Road, about 400 feet east of an extension of Walnut Street.
RM 11	1960.44	Top of the southeast corner of the northeast concrete wingwall of County Highway 36 box culvert over Wood River.
